# Withlacoochee Technical Institute

Transition Academy

**Serving Students  
Ages 18-21  
Received a Special  
Diploma**

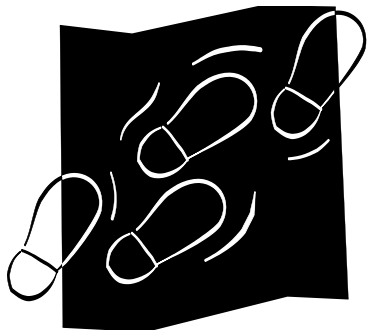

A Quality Exceptional Student Education Program ensures the success of all students in an environment of trust, respect, and open communication.

A Quality Exceptional Student Education Program provides for appropriate materials, qualified staff, in-service opportunities and adequate facilities.

A Quality Exceptional Student Education Program has a student centered curriculum that is flexible, relevant and focuses on life-long transitions, offers a complete continuum of delivery models and teaching strategies, and has the support of administration, teachers, parents, and community.

# The Transition Academy

The Transition Academy Program is an option as determined by the IEP, for those students who may choose to defer their regular diploma. Located on the campus of the Withlacoochee Technical College, it provides instruction in functional academics and employability skills. Students may also enroll in career education or job preparatory classes or participate in an off-campus work program and Community Based Instruction Trips. In addition to providing direct instruction to students, the ESE (Exceptional Student Education) teacher supports other participating faculty and employers.

**Do you know your next step after High School?**

## Support and Service Industry Program

Students will have the opportunity to participate in a comprehensive program that will teach the skills to be successful in a variety of careers that include but not limited to:

- Clerical Assistant
- Custodial
- Culinary Arts
- Grounds keeping
- Maintenance
- Retail
- Vehicle Maintenance
- Warehouse Worker

This program is based on a student centered model. Students will spend some time each day in a classroom setting, working on a basic vocational curriculum introducing workplace terminology and positive work maturity skills. The remainder of the student's time is spent on a non-paid community based work site. This program is designed for students with previous non-paid work experience and basic independent skills
