RE: Compliance with the Jessica Lunsford Act

The State of Florida enacted House Bill 1877 commonly known as the Jessica Lunsford Act into law effective September 1, 2005. Senate Bill 988 effective July 1, 2007 amended this law. The law requires any vendor, individual, or entity under contract with a school or school board who are permitted on school grounds when students are present, who have direct contact with students or who have access to or control of school funds must meet Level 2 fingerprint screening.

If you, your employees, or subcontractors meet the above criteria, you will need to complete the Level 2 fingerprint screening, approval process and be issued a Citrus County Approved Vendor Badge before being permitted on school grounds.

The amendment to the law required the Florida Department of Law Enforcement (FDLE) to develop the Florida Shared School Results (FSSR) database allowing all school districts to share fingerprints results for those vendors working in multiple counties. Each district was assigned a new unique number for submission of prints into the shared database if they choose to do so.
