## BlueScript Prescription Drug Program

In the event your Group has purchased pharmacy coverage from Florida Blue, you'll find a Pharmacy Program information sheet enclosed. Please review it carefully, as you'll find it contains an overview of your benefits and how to utilize them. Important Note: Your health plan may include prescription drug coverage that only provides coverage at Exclusive Pharmacies except for emergency situations.

## Access to Our Strong Networks

**NetworkBlue<sup>SM</sup>** is the Preferred Provider Network designated as "In-Network" for BlueOptions. While In-Network providers remain the best value, members are still **protected from balance billing** if they go Out-of-Network to someone who is part of our Traditional Provider Network. You may also receive **out-of-state coverage through the BlueCard<sup>®</sup>** Program with access to the participating providers of independent Blue Cross and/or Blue Shield organizations across the country.

## Physician Discount

Many NetworkBlue physicians offer BlueOptions members a rate which is at least 25 percent below the usual fees charged for services that are **not Covered Services** under your health plan. By taking advantage of this discount, you get the care you need from the doctor you trust. However, Florida Blue does not guarantee that a physician will honor the discount. Since you pay out-of-pocket for any non-covered services, it's your responsibility to discuss the costs and discounted rates for non-covered services with your physician **before** you receive services. 'Physician Discount' is not part of your insurance coverage or a discount medical plan. For more information, please refer to the online Provider Directory at [floridablue.com](http://floridablue.com).
