

Article VII

Draft Language:

TA #9
Jalene Smith
9/2/21

Employees shall not be required to utilize personal devices for work-related tasks.
There is no expectation that staff who voluntarily use personal devices to access digital tools required for the job surrender their right to privacy of personal data on their own device, provided that staff do not archive student information on their devices. Reasonable replacement costs for damages incurred, to district devices, as a result of negligence, carelessness or malicious behavior shall be the responsibility of the employee.
